Work Experience

OSL

Trading & Liquidity Department, Trade Support Associate

Hong Kong

Dec. 2025 – Present

- Architected scalable operational frameworks across HK, SG, AU, CA, ID, and BM; standardized settlement protocols and multi-track workflows so international treasury and trading activity stayed observable for downstream risk and finance consumers.
- Managed end-to-end settlement for ETFs, RWAs, and FX-linked treasury flows; optimized fiat on and off ramps and LP routes with disciplined exception logs, keeping venue failure rates under 0.5% while preserving clean reference data for portfolio-style monitoring.
- Executed cross-chain liquidity rebalances and bridge operations for JIT desk inventory; cut hedging slippage and gas drag versus prior manual paths and improved capital turnover by about 20% in the measured window.
- Ran treasury surveillance on house and custodian positions through volatile sessions; escalated liquidity gaps with concise rationales so Front Office stayed informed while governance around asset safety and bookings stayed independent.

Amber Group

Market Making Team, Operations Analyst

Hong Kong

Feb. 2025 – Nov. 2025

- Rebuilt daily MM BAU with pivot-led trackers and disciplined booking hygiene in a fast-paced crypto desk, improving tracking efficiency by about 30% and cutting liquidity-partner project delays by about 25% across weekly reviews.
- Coordinated MM and BD sourcing, screening, and execution with Risk and finance counterparts so incentives, lifecycle milestones, and settlement hand-offs synchronized before period closes, tightening the evidence trail behind each trade idea progression.
- Shipped Tableau dashboards on event ROI and BD incentives that linked throughput to revenue and supported about 15% revenue growth in Web3 operations in the leadership-tracked campaign window.
- Logged recurring straight-through-processing and exception themes for leadership forums, pairing each operational risk cluster with ownership so reviewers could prioritize fixes without losing qualitative context relevant to disciplined PM support workflows.

Huatai Financial Holding (Hong Kong) Limited

Sales and Trading Department, FICC Summer Intern

Hong Kong

Jun. 2024 – Nov. 2024

- Rotated through Liquidity Management and the Cash Bonds desk, mapping cash fixed income booking steps beside Trading and Risk partners before settlement cut-offs tied to IG cash bond activity.
- Gathered and distributed Global IG bond research, macro data, and desk commentary so traders received timely inputs ahead of risk and limit discussions on corporate and sovereign credit-sensitive names.
- Automated FTP cost monitoring in Excel-VBA and refreshed limit views with Risk and Settlement so trades completed smoothly for downstream finance reporting on cash bond inventory and funding costs.

China Life Insurance (Overseas) Co., Ltd.

Investment Department, Fixed Income Intern

Hong Kong

Jul. 2022 – Oct. 2022

- Helped steward about \$5 billion across 13 funds and managers spanning ABS, energy, infrastructure, and real estate sleeves, keeping exposure tables precise for PM decisions under tight review windows spanning Asian and global issuer names.
- Joined credit and allocation strategy sessions with portfolio managers and traders, translating desk questions into focused data pulls on sector trends ahead of Investment Risk sign-off for sleeve changes.
- Ran Bloomberg and Morningstar screens for proactive bond recommendations and documented rationales so follow-up from reviewers shortened versus prior ad hoc packs, highlighting financial metrics already visible in desk data pulls.

Guotai Junan Securities Co., Ltd.

IBD Department, Summer Intern

Guangzhou

May 2021 – Aug. 2021

- Reviewed supplier contracts for competitive pricing and delivery clauses that affected confirmation timing and settlement risk during diligence cycles with legal templates.
- Interviewed counterparties and logged findings so senior bankers could prioritize negotiation points without duplicating field work across workstreams.
- Prepared banking, inventory, and sales confirmations for acceptance testing, including alternate procedures when counterparty replies conflicted so audit teams could still close on schedule.
