Schonfeld Hiring Team
Hong Kong SAR

Re: Trading Assistant, Hong Kong front-office trading

Dear Hiring Manager,

I am writing to apply for the **Trading Assistant** role on Schonfeld's Hong Kong front-office trading team (LinkedIn posting 4414605868). The posting asks for someone who supplies market color and ad hoc analytical support to traders and Portfolio Managers, builds dashboards and repeatable workflows, responds to time-sensitive broker and booking deadlines, and coordinates daily with Portfolio Finance, Operations, and Compliance. That mirrors how I already bridge Front Office priorities with middle-office controls.

At OSL in Trading & Liquidity, I standardize settlement pathways across jurisdictions, narrate exceptions clearly for treasury and liquidity partners, and monitor balances through stressed tapes so traders receive timely liquidity reads without slowing bookings.

Previously at Amber Group on the Market Making operations desk I maintained pivot-led trackers and Tableau views that translated BD incentives and event ROI into desk-ready narratives. During my Huatai FICC internship I rotated Liquidity Management and the Cash Bonds flow desk, circulated macro and Global IG research for desk discussions, and coordinated with Risk and Settlement on FTP surveillance and trade limits ahead of settlement.

I hold an M.Sc. Finance (Honours) from HKUST and a B.B.A. Professional Accountancy (Honours) from CUHK, with Bloomberg, Wind, Excel-VBA, Tableau, R, and the prompt-engineering plus machine-learning familiarity noted on my CV. I communicate crisply across Front and middle offices, sweat trade accuracy, and would welcome contributing to Schonfeld's Hong Kong trading floor.

Thank you for considering my application.

Sincerely,

Zhao Yanbo
