Nomura Hiring Team
Instinet / Wholesale Markets
Central, Hong Kong SAR

Re: Associate, Korea High Touch Sales Trading, Hong Kong

Dear Hiring Manager,

I am writing to apply for the **Associate, Korea High Touch Sales Trading** role for Nomura in Central, Hong Kong (LinkedIn posting 4409263906). Instinet emphasizes agency-model execution, cross-desk teamwork, and disciplined client coverage across North Asian equities and linked products; that matches how I already partner with liquidity, settlement, treasury, Risk, Finance, and front-line trading stakeholders.

At OSL in Trading & Liquidity I standardize settlement and treasury pathways across multiple jurisdictions while monitoring liquidity venues, custodian balances, and exception logs below a 0.5% failure threshold. I escalate breaks with succinct rationales during volatile tapes so desks keep execution continuity while governance expectations stay satisfied.

At Amber Group I ran Market Making operations with MM and BD partners under sustained pressure: pivot-led trackers raised tracking efficiency by about 30%, reduced liquidity-provider project delays by about 25%, and Tableau packs tied BD incentives and throughput to about 15% revenue lift on sponsored Web3 launches. Earlier, my FICC internship at Huatai's Sales and Trading department rotated Liquidity Management and Cash Bonds desks; I distributed Global IG research and macro inputs, automated FTP monitoring in Excel-VBA, and coordinated limits with Risk and Settlement so trades finished cleanly for Finance consumers.

I hold an M.Sc. Finance (Honours) from HKUST and a B.B.A. Professional Accountancy (Honours) with a Finance minor from CUHK, with Bloomberg, Wind, Tableau, Excel/VBA, and R. Native Mandarin, proficient English, and basic Cantonese position me to reinforce HK and Greater China desk needs in the posting while I build further Korea flow context with your team.

Thank you for considering my application. I welcome a conversation about contributing to Nomura's high-touch Korea coverage out of Hong Kong.

Sincerely,

Zhao Yanbo
