Education

City University of Hong Kong

Bachelor of Science in Computer Science, Minor in Business Intelligence

Hong Kong

Jun 2022 – Jun 2026

- **Scholarships & Awards:** International Student Top Scholarship (HK\$720,000 total); Dean's List; Tiger Talent Program (3×).
- **Coursework:** Big Data Analytics, Machine Learning, Databases, Data Science, Software Engineering, Networks, Algorithms.

Work Experience

Hong Kong Monetary Authority

Analyst Programmer (IT Division – Business Enablement & Software Architecture)

Hong Kong

Jul 2025 – Present

- Engineered an open-source chatbot for BRDR using retrieval-augmented generation over about 10,000 PDFs; Python ingestion, pgvector storage, SQL vector search, Grafana views that compress manual hunts on large reference sets.
- Developed agentic firewall review automation with JIRA, Next.js, and OPA saving about 30 hours/month while encoding policy checks LLMs can follow before approvals land.
- Spearheaded an Outlook AI assistant inside Scrum SDLC as L3 support; partnered with Product Owner on Tableau and Power BI dashboards, training decks, prompts, and documentation for repeating reporting packs under tight checkpoints.

Jay Cee Ess Global

Software Engineer

Remote (Australia-based)

Aug 2025 – Present

- Ran performance tracking tied to about AUD 100,000/month revenue context while revamping a legacy funnel with Google Ads and UX boosts for about 200% user intake and sharper conversion narratives.
- Cut cart abandonment about 70% integrating Stripe Apple Pay Google Pay Alipay checkout paths with guarded releases when acquirers change rules.
- Cut price retrieval latency about 99% with in-memory Yen K -shortest-path routing and Redis-backed tables for quoting screens under churning broker asks.
- Cut database cost about 75% swapping rigid Supabase for Vercel Upstash Redis lookups plus multi-carrier routing tables spanning APAC freight contexts.

Universal Innotech Group Company Limited

Junior Software Engineer

Tsuen Wan, Hong Kong

Sep 2024 – May 2025

- Cut HK\$ 10,000+/month Open Sanction API spend with AML and PEP automation in JavaScript React Python Neo4j graph APIs and Python scrapers for B2B KYC SaaS onboarding controls across APAC-facing clients.
- Ran Python ETL pipelines over 50,000+ records per reporting cycle trimming prep about 40% and shrinking turnaround about two days to about two hours with validation passes before stakeholder drops.
- Refactored B2B SaaS REST plus Neo4j relationship screens with SSR caches so brokerage analysts reached decisions about 30% faster on linked entities.

Yi Shing Group Ltd. (YSG)

Machine Learning Intern

Science Park, Hong Kong

Jun 2024 – Aug 2024

- Real-time fire and smoke detection with YOLOv8 about 90% to 95% after Vertex AI tuning; Flask app CI/CD webcam inference EE field tests Huawei Cloud ModelArts/OBS checkpoints.

Projects

Movie Search and Recommender (Python, JavaScript, jQuery, Flask)

Jun 2024 – Jul 2024

- Flask Pandas preprocessing with REST pagination filters on genre cast year for large catalogs before nightly stakeholder reviews.

AI Image Classification Model (Python, PyTorch)

Oct 2024 – Nov 2024

- ResNet18 and Vision Transformer training with about 98% intra-class and 94% inter-class accuracy for labeling QA passes.

Skills and Interests

- **Programming Languages:** Python, SQL, JavaScript, TypeScript, Go, Rust, Java, C, C++, Bash, PowerShell, HTML, CSS, UNIX scripting for merges
- **Libraries & Frameworks:** Pandas, NumPy, FastAPI, Flask, PyTorch, scikit-learn, React, Next.js, Node.js, Express, Neo4j, Tailwind CSS, Selenium, jQuery, Spark tooling
- **Software and Tools:** Tableau, Power BI, Grafana, GitHub, Git, Jira, Confluence, Postman, PostgreSQL, Redis, MongoDB, MySQL, Snowflake, Docker, Kubernetes, Excel, AWS (S3, Lambda, QuickSight), GCP Vertex AI integrations, Microsoft 365, ServiceNow
- **Skills:** Ad hoc analytics; dashboard storytelling for stakeholders; spotting anomalies across large logs; Scrum with Product Owners; meticulous validation for booking-style accuracy; cross-functional cues with Portfolio Finance Operations Compliance partners; multitasking amid broker deadlines
- **Languages:** English (fluent); Cantonese and Mandarin working proficiency; Urdu; Hindi for multicultural desk collaboration
- **Interests:** Swimming, running, chess, Formula 1
