DV Trading Hiring Team
Equity Research
Hong Kong

Re: Equity Research Analyst, Hong Kong

Dear Hiring Manager,

I am writing to apply for the **Equity Research Analyst** opening at DV Trading in Hong Kong. The role's focus on fluent Mandarin and English collaboration with traders and analysts, rapid synthesis of macro and issuer-level developments, and trustworthy databases that support proprietary decision-making aligns with how I already operate across trading support and investment workflows.

At OSL in Trading & Liquidity, I stay close to volatile crypto and fiat flows, monitor cross-venue settlement health, and escalate concise narratives so Front Office partners can act while controls stay auditable. Previously at Amber Group I owned high-pressure MM operations analytics, refreshed pivot-led BAU trackers, and delivered Tableau views that tied incentives to revenue outcomes. During my FICC internship at Huatai Financial Holding I rotated through Liquidity Management and the Cash Bonds desk, packaging Global IG research, macro inputs, and Excel-VBA monitoring that kept Risk and Settlement aligned before cut-offs.

My fixed-income internship at China Life Insurance (Overseas) involved Bloomberg-led screening beside portfolio managers and traders across large sleeves, mirroring buy-side diligence cadence. I hold an M.Sc. Finance (Honours) from HKUST and a B.B.A. Professional Accountancy (Honours) from CUHK, with Bloomberg, Wind, Tableau, Excel/VBA, and R skills suited to structured research stacks.

Thank you for considering my application. I would welcome the chance to discuss how I can strengthen DV Trading's information advantage across Mandarin and English coverage.

Sincerely,

Zhao Yanbo
