Nomura Hiring Team
Global Markets / Instinet
Central, Hong Kong SAR

Re: Associate, Korea High Touch Sales Trading, Hong Kong

Dear Hiring Manager,

I am writing to apply for the **Associate, Korea High Touch Sales Trading** seat supporting clients from Nomura's Hong Kong office (LinkedIn posting 4409263906). The description highlights junior sales-trader coverage for Korean equities, tight partnership with sales, research, and operations, disciplined monitoring of liquidity and execution quality, and deepening knowledge of equities plus fixed income and other products traded across Hong Kong and China.

At OSL in Trading & Liquidity I run cross-jurisdictional trade support where settlement rigor, treasury surveillance, and short escalations to Front Office mirror the high-touch expectations of an agency execution franchise. I keep exception rates low, narrate liquidity clearly, and coordinate with partners who depend on accurate booking states.

At Amber Group on the Market Making operations desk I maintained pivot-led trackers and Tableau narratives that aligned incentives with institutional outcomes, including roughly 15% revenue growth in Web3 operations that leadership reviewed. During my Huatai FICC internship I rotated Liquidity Management and the Cash Bonds flow desk, circulated Global IG and macro inputs, and partnered with Risk and Settlement on limits and FTP surveillance ahead of settlement.

I hold an M.Sc. Finance (Honours) from HKUST and a B.B.A. Professional Accountancy (Honours) from CUHK, with Bloomberg, Wind, Tableau, Excel/VBA, and R. My native Mandarin and proficient English map to the posting's HK/China desk support, and I am accustomed to high-pressure, delivery-focused trading floors. Thank you for considering my application; I would welcome discussing how I can support Instinet clients in Hong Kong.

Sincerely,

Zhao Yanbo
