Education

City University of Hong Kong

Bachelor of Science in Computer Science, Minor in Business Intelligence

Hong Kong

Jun 2022 – Jun 2026

- **Scholarships & Awards:** International Student Top Scholarship (HK\$720,000 total); Dean's List; Tiger Talent Program (3×).
- **Coursework:** Big Data Analytics, Machine Learning, Data Science, Web Application Development, Databases, Software Engineering, Data Structures, Networks.

Work Experience

Hong Kong Monetary Authority

Analyst Programmer (IT Division - Business Enablement & Software Architecture Team)

Hong Kong

Jul 2025 – Present

- Owned Tableau and Power BI dashboards with product owner metric definitions, live training, and clear documentation so leadership KPI packs became refreshable views instead of manual one time exports.
- Partnered in a cross functional scrum team to turn requirements into workflows, prompts, and rollout notes stakeholders can reuse for email and internal comms style touchpoints tied to reporting cycles.
- Automated firewall reviews with Next.js, JIRA API, and OPA rules encoded for automation, returning about 30 security staff hours monthly through repeatable checklists the wider team can audit.

Jay Cee Ess Global

Software Engineer

Remote (Australia-based)

Aug 2025 – Present

- Revamped legacy funnel and public site with Google Ads experiments and UX passes tied to about AUD 100,000 monthly revenue context; user intake about 200% with stronger conversion focus and checks after each launch.
- Cut cart abandonment about 70% after Stripe with Apple Pay, Google Pay, and Alipay, with lightweight monitoring so marketing and ops see checkout health quickly.

Universal Innotech Group Company Limited

Junior Software Engineer

Hong Kong

Sep 2024 – May 2025

- Ran Python ETL for recurring client reports across 50,000+ records per cycle; cut prep about 40% and turnaround from about two days to about two hours with validation before each send, similar rigor to campaign QA lists.
- Built evaluation rubrics for 10+ AI tools on financial datasets across accuracy, latency, and reliability; shipped Neo4j and REST views so client decisions landed about 30% faster after iterative reviews with stakeholders.

City University of Hong Kong

Student Helper and Mentor

Kowloon Tong, Hong Kong

Feb 2023 – Mar 2024

- Exploratory analysis on 20+ ESG reports to surface trends, risks, and opportunities for briefings and slide ready summaries.
- Built hkMrs.org with WordPress and CSS with SEO and UI/UX focus for Hong Kong Materials Research Society outreach and conference visibility.
