Hiring Team
Equity Capital Markets
Hong Kong SAR

Re: Associate or Vice President, Equity Capital Markets (Hong Kong SAR)

Dear Hiring Manager,

I am writing to apply for the Associate or Vice President opening in Equity Capital Markets in Hong Kong SAR as listed on LinkedIn (posting 4413888723). The role highlights origination and structuring for equity capital markets transactions, senior and institutional relationship coverage across Greater China, rigorous review of marketing and valuation materials, regulatory engagement, and tight collaboration on syndicate interests, pricing, and allocation. Those priorities align with how I have operated on trading and liquidity desks and during sell-side rotations in Hong Kong.

At OSL in Trading & Liquidity, I standardized multi-jurisdiction settlement pathways, monitored treasury and Liquidity Partner balances through volatile tapes, and kept exception logs owners could action before downstream desks consumed stale data; this mirrors the posting's emphasis on governance, cross-team coordination, and crisp institutional communication at speed.

Previously at Amber Group I maintained disciplined pivot-led BAU for market-making partners and produced Tableau scorecards tying incentives and throughput to about 15% measured revenue uplift, while escalating STP misses with clear remediation owners. During my FICC internship at Huatai Financial Holding I rotated through Liquidity Management and the Cash Bonds flow desk and partnered with Risk and Settlement on confirmations, limits, and funding checks before cut-offs.

I earned an M.Sc. Finance with Honours at HKUST and a B.B.A. Professional Accountancy with Honours at CUHK with a Finance minor, and bring Bloomberg, Wind, Tableau, Excel/VBA, and R skills alongside native Mandarin plus proficient English under Hong Kong SAR working norms. I am motivated to deepen ECM coverage in a high-stakes franchise and would appreciate the chance to discuss how my trade-support and internship background can augment your team's delivery culture.

Thank you for considering my application.

Sincerely,

Zhao Yanbo
