Nomura Hiring Team
Instinet / Global Markets
Central, Hong Kong SAR

Re: Associate, Korea High Touch Sales Trading, Hong Kong

Dear Hiring Manager,

I am writing to apply for the **Associate, Korea High Touch Sales Trading** role in Nomura's Hong Kong office. The posting asks for a junior sales trader who covers Korean equities from Hong Kong, engages key clients, supports execution and market content, and partners with sales, research, and operations while respecting liquidity, risk, and regulatory expectations. That matches how I already bridge trading, liquidity partners, and control functions on a global digital-asset desk.

At OSL in Trading & Liquidity I package settlement and treasury signals for traders under pressure, keep multi-asset booking pathways disciplined across regions, and narrate exceptions clearly so front-office and operations consumers can move without rework.

Previously at Amber Group on the Market Making operations desk I maintained pivot-led trackers and Tableau views that translated BD incentives and event ROI into desk-ready updates for internal stakeholders. During my Huatai FICC internship in Sales and Trading I rotated Liquidity Management and the Cash Bonds flow desk, circulated Global IG and macro inputs for live discussions, and coordinated with Risk and Settlement on FTP surveillance and trade limits ahead of settlement.

I hold an M.Sc. Finance (Honours) from HKUST and a B.B.A. Professional Accountancy (Honours) from CUHK, with native Mandarin, proficient English, and Bloomberg, Wind, Excel-VBA, Tableau, and R as noted on my CV. I am comfortable in high-pressure, client- and desk-facing environments and would welcome contributing to Instinet's Korea and HK/China high-touch coverage.

Thank you for considering my application.

Sincerely,

Zhao Yanbo
