Re: Associate or Vice President, Equity Capital Markets (Hong Kong SAR)

Dear Hiring Manager,

I am writing to apply for the **Associate or Vice President, Equity Capital Markets (Hong Kong SAR)** opening advertised on LinkedIn (posting 4413888723). The visible description stresses origination and structuring leadership across IPO-style equity transactions (including placements and blocks referenced in Mandarin copy), stewardship of Greater China issuer and institutional relationships, painstaking review of marketing decks and valuation materials, disciplined governance and regulator-facing coordination, plus collaboration on syndicate interest, pricing, and allocation timelines. Native Mandarin alongside proficient English mirrors the bilingual expectations in the advertisement.

At OSL in Trading & Liquidity, I hardened multi-jurisdiction settlement pathways under regulatory scrutiny, monitored treasury and Liquidity Partner balances through volatile tapes, and kept governance-grade exception logs with named owners before downstream desks consumed stale data.

Previously at Amber Group I maintained disciplined pivot-led BAU for market-making partners, produced Tableau scorecards tying incentives and throughput to about 15% measured revenue uplift, and escalated STP misses quickly. During my FICC internship at Huatai Financial Holding I rotated through Liquidity Management and the Cash Bonds flow desk, aligning Trading, Risk, and Settlement checkpoints before settlement cut-offs confirmed funding.

My M.Sc. Finance (Honours) at HKUST and B.B.A. Professional Accountancy (Honours) at CUHK, together with Bloomberg, Wind, Tableau, Excel/VBA, and R, prime me for data-heavy ECM documentation. I am motivated to deepen execution rigor inside a regulated franchise and welcome a conversation about how disciplined trade-support and sell-side rotations can bolster your ECM team while I absorb origination pacing from senior partners.

Thank you for considering my application.

Sincerely,

Zhao Yanbo
