Nomura Hiring Team
Instinet / Wholesale Markets
Central, Hong Kong SAR

Re: Associate, Korea High Touch Sales Trading, Hong Kong

Dear Hiring Manager,

I am applying for the **Associate, Korea High Touch Sales Trading** seat in Nomura's Hong Kong office (LinkedIn posting 4409263906). The role asks for someone who engages key clients alongside sales, research, and operations partners, safeguards execution quality and regulatory discipline, and sustains credible market content across busy North Asian tapes. My recent Trade Support Associate work at OSL mirrors that rhythm: I bridge treasury and liquidity desks, narrate settlement exceptions clearly, and keep treasury reads tight when volatility spikes.

At Amber Group I supported MM and BD stakeholders with pivot-led trackers and Tableau dashboards that translated incentives into desk-ready narratives, disciplined enough for recurring leadership reviews. During Huatai's FICC internship I rotated Liquidity Management and Cash Bonds coverage, circulated Global IG research and macro inputs for trader conversations, and partnered with Risk and Settlement on FTP surveillance plus trade-limit hygiene ahead of bookings.

I hold an M.Sc. Finance (Honours) from HKUST and a B.B.A. Professional Accountancy (Honours) from CUHK, bringing native Mandarin, proficient English, basic Cantonese, Bloomberg, Wind, Excel-VBA, Tableau, and R from my CV. I stay effective in regulated, high-pressure markets infrastructure and would value contributing to Nomura's client-focused high-touch franchise out of Central.

Thank you for considering my candidacy.

Sincerely,

Zhao Yanbo
